Myddelton Square Gardens Group

This group was set up in 2013. It is discontinued for the time being. Our thanks to the large number of people who joined. The objectives were to support Islington Council in their application to the Freeholder for a new lease. That has been achieved. The Council was granted a new lease in 2017. Details about that can be seen in MSqGG Bulletin no. 25 in the MSA website.
